FESTIVAL

## Announcing the Cancellation of our 2020 Festival Season

July 30–August 2

To our Telluride Chamber Music Festival friends & family:

We hope you are faring well and staying active and engaged this spring.

As we look to the coming months, it probably comes as no surprise that due to the ongoing nature of the COVID-19 pandemic, all Chamber Festival performances have been cancelled for summer 2020. While this decision was an incredibly difficult one to make, the health, safety, and well-being of our audiences, neighbors, players, and volunteers is our foremost concern.

Now more than ever, the arts need your support. We recognize the importance of the Chamber Music Festival and other cultural organizations to our local community and hope you do as well. We understand the impact the current economic situation has had, yet we hope if you are able, you will continue to support the Festival and our mission to bring world-class music to our region.

We will miss sharing our Festival performances with you, yet we continue to look forward to sharing beautiful music with you in 2021.

Thank you for your continued support.

Warner Paige  
President of the Board

Roy Malan  
Artistic Director
